Workshop Details

Carew's **Presenting With Confidence™** workshop empowers you to plan, organize, and deliver compelling presentations that are clear, impactful, and memorable. You'll master a variety of techniques to engage any audience, ensuring your key messages resonate with the right people. We'll equip you to handle challenging situations with poise and develop an authentic presentation style that truly connects.

Participants Will:

- Understand and learn how to design presentations that persuade, challenge, motivate, or inspire
- Discover how understanding your audience, venue, and team strategy empowers you to connect authentically and build trust
- Master the art of executive presence through impactful body language, vocal dynamics, engaging eye contact, and powerful language
- Learn how to weave compelling personal stories, experiences, and themes into your presentations to create deeper connections and lasting impact
- Explore PowerPoint techniques, impactful imagery, and data visualization strategies to create engaging presentations
- Equip yourself with practical techniques for responding, deferring, redirecting, and utilizing the LAER model to maintain control and audience engagement

Format:

This live, virtual workshop spans three days with one impactful 3-hour session each day.

You'll gain confidence in your ability to present through facilitated discussions, group exercises, interactive presentation practice, and expert guidance and feedback.

Investment:

Our standard workshop is \$2,900 per attendee. Special rates are provided when two or more individuals from the same organization register.
